- Teaching: Provided metadata advisory and training services to campus and community partners
- Supervisory: Coordinated staff activities of the UFDC Metadata Team (7 PTE), internships, and special project assistants (2+ PTE)

Farm Animal Reform Movement (non-profit sector)

Membership Coordinator, 2005

- Data Management: Spearheaded project to clean-up membership data and ensure ongoing data integrity; Authored queries for data accuracy and reporting; Analyzed membership statistics
- Communications: Wrote content for press releases, websites, and informational literature

Teaching

Link Yourself: Understand Linked Data, RDF, and SPARQL

University of Florida Libraries, Training Series, 21 July 2016. <http://allisonjai.com/foaf/linkyourself.html>

Tech Talk: SQL

University of Florida Libraries, Linked Data Working Group, 19 July 2016.

Managing Data with SQL

Software Carpentry, University of Florida Informatics Institute, 25 March 2016.

Tech Talk: SPARQL Fundamentals

University of Florida Libraries, Linked Data Working Group, 15 March 2016.

Manipulating Textual Data with Python

University of Florida Libraries, Programming Historian Study Group, 27 January 2016.

Metadata for UFDC Collections

University of Florida Libraries, Training Series, 23 November 2015 and 9 December 2015; Co-presented with Laura Perry and Chelsea Dinsmore, University of Florida Libraries, Training Series, 2 November 2015.

Tech Talk: Querying XML Data

Co-presented with Hikaru Nakano, Douglas Smith, and Gerald Langford, University of Florida Libraries, BIBFRAME Working Group, 17 November 2015.

Understanding Regular Expressions

University of Florida Libraries, Programming Historian Study Group, 5 November 2015.

Tech Talk: Introduction to XML

Co-presented with Hikaru Nakano, Douglas Smith, and Gerald Langford, University of Florida Libraries, BIBFRAME Working Group, 20 October 2015.

Tech Talk: Ontologies and Ontology Languages: RDFS, OWL, and SKOS

University of Florida Libraries, BIBFRAME Working Group, 15 September 2015.

Tech Talk: Linked Data Principles and RDF

University of Florida Libraries, BIBFRAME Working Group, 18 August 2015.

Tech Talk: JSON-LD and Microdata

University of Florida Libraries, BIBFRAME Working Group, 21 July 2015.

Creative Works & Side Projects

Circulate

Principal Investigator, 2013 – 2015

Free, open-source solution for automated user requests and usage reports with archival finding aids.

- Web Development: Developed a responsive website to select and request items, with an XML-driven back-end for storing, sending, and querying data (EAD, XSLT, JavaScript, PHP, HTML)

Book Artists Unbound

Principal Investigator, 2013 – 2014

Project to encode information about book artists and expose their social networks by harvesting co-occurrence in library metadata among creators, facilities, themes, subjects, and techniques.

- Data Management: Transformed MARC-format, bibliographic metadata to EAC-CPF records, enhanced with data from WorldCat and VIAF APIs
- Web Development: Developed Web interface for browsing creator information (EAC-CPF, XSLT, JavaScript, HTML)

Girl Develop It

Co-Founder, Miami Chapter, 2013 – 2014

- Teaching: Led a volunteer team to facilitate educational opportunities in programming and Web development
- Philanthropy: Initiated fundraising and collaborative activities with local and national partner organizations

Software Carpentry Foundation

Data Carpentry Instructor, 2016 –

- Teaching: Teach data science, modeling, and query skills to a variety of audiences

SPECIAL COLLECTIONS CATALOGING EXPERIENCE

University of Miami Libraries

Special Collections Cataloging & Metadata Librarian, 2013 – 2015

Rank: Librarian Assistant Professor, academic-track

- Cataloging: Cataloged rare monographs, serials, artists' books, manuscripts, zines, and archived websites according to DCRM, DACS, and CCO content standards
- Policies & Procedures: Collaboratively developed workflows and guidelines for appraisal, accessioning, processing, description, storage, and preservation of born-digital materials and archived websites; Provided documentation and training for description of rare materials
- Assessment: Implemented process-based and usage-based metrics to assess the effectiveness of cataloging activity and plan future projects
- Supervisory: Coordinated staff working on special collections cataloging and digital projects (3 FTE)

Free Library of Philadelphia, Rare Book Department

Cataloging Consultant, 2011 – 2013

- Cataloging: Cataloged rare monographs, serials, manuscripts, analyzed contents, and graphic materials according to DCRM content standards
- Policies & Procedures: Re-designed cataloging policy and procedures for efficient resource description that complies with contemporary best practices and specialized user needs; Delivered a wiki-based portal for accessing policy and training materials
- Teaching: Trained professional librarians in rare materials cataloging and descriptive bibliography

- Assessment: Convened task force to enhance user experience in VuFind discovery layer

The Barnes Foundation

Assistant Archivist and Librarian, 2010 – 2011

- Cataloging: Coordinated processing, arrangement, and resource description for special collections, archives, and manuscript collections according to DCRM, DACS, and CCO content standards
- Public Services: Supported research through reference services, research consultations, and bibliographic instruction; Promoted collections through exhibits, websites, and essays
- Supervisory: Supervised library and archives interns, and fostered professional growth opportunities

George Washington University Libraries

Special Collections Cataloger, 2010 (Temporary assignment through TRAK Records & Library)

- Cataloging: Cataloged special collections materials according to RDA and DCRM content standards
- Supervisory: Guided metadata specialists (5 FTE) during the U.S. RDA Test

Goucher College Library

Special Collections Cataloger, 2009 – 2010

- Cataloging: Cataloged rare monographs, serials, manuscripts, and sheet music according to AACR2 and DCRM content standards
- Data Management: Enabled metadata harvesting and initiated involvement with aggregate discovery platforms (ArchiveGrid, ESTC); Provided EAD encoding for archival finding aids
- Policies & Procedures: Developed policy and procedures for description of rare materials
- Supervisory: Managed cataloging activity (1 FTE, 3 PTE) for a large-scale, grant-funded project, using benchmarking metrics to track progress; Trained paraprofessionals in processing and cataloging

The Carmelitana Collection

Catalog Librarian, 2008 – 2009

- Cataloging: Cataloged rare print and manuscript materials according to DCRM content standards
- Web Development: Front-end Web development, including database implementation and administration; Streamlined and created easily reproducible procedures for data transfer
- Reference: Provided reference and research support for scholars, both on-site and remotely

OTHER LIBRARY EXPERIENCE

Office of Minority Health Resource Center

Cataloger, 2007 – 2008

- Cataloging: Cataloged print materials (monographs and serials), grey literature, and ephemera; In-depth indexing and abstracting

Hogan & Hartson, LLP

Digital Acquisitions Assistant, 2006 – 2007

- Data Management: Coordinated license and access information for over 600 electronic resources
- Acquisitions: Negotiated terms and conditions of vendor agreements; Fulfilled accounts payable functions

Teaching

Let's Make Zines!

University of Miami Libraries, March 2015.

Descriptive Cataloging for Special Collections

University of Miami Libraries, June 2014.

Using Summon and the Library Catalog

University of Miami Libraries, Fall 2013 & Spring 2014.

Image and Video Sharing on the Web: Applications for Teaching and Learning

2009 Goucher Information Technology Conference.

Research in the Archives

The Barnes Foundation, Brown Bag Lunch Series, Summer 2010.

Internships & Student Positions

AARP Research Information Center

Intern II (indexing and abstracting), 2008 – 2009

Mullen Library, Catholic University of America

Reference Assistant, 2007 – 2009

Judge Kathryn J. DuFour Law Library

Senior Circulation Attendant, Summer 2007

National Museum of the American Indian

Practicum (collection development, processing, and resource description), Summer 2007

McKeldin Library, University of Maryland

Preservation Assistant, 2002 – 2004

Beltsville Public Library, Prince George's County, MD

Clerical Aide, 2000 – 2003

GRADUATE ADVISING

Fieldwork Supervisor, Angelibel Soto

M.S. Candidate, University of South Florida School of Information
Spring 2016

- **Objectives:** 1) Query, merge, and enhance metadata from multiple sources and formats; 2) Using newly enhanced data and digital images, create an online exhibit
- **Deliverable:** "Come Visit" (George A. Smathers Libraries, Exhibits).
